NAVNEET CHADHA

Frontend Engineer | React/Next.js & Architecture

admin@nvnt.in · nvnt.in · linkedin.com/in/navneetchadha12 · github.com/nvnt12

SUMMARY

Frontend Engineer with 3+ years of production experience building and architecting scalable React and Next.js applications, now leading frontend architecture for production apps serving 50K+ users. Strong in performance optimization and state management, and I also ship full-stack and React Native when a product needs it.

WORK EXPERIENCE

Frontend Developer, 8848 Digital LLP **May 2026 - Present**

- Recently promoted to lead frontend architecture decisions for 5+ production applications serving 50K+ users
- Optimized React performance: reduced bundle by 35%, improved Lighthouse 68→92, implemented memoization & code splitting
- Designed state management architecture using Redux Toolkit, Zustand, React Query; reduced bugs by 40%
- Established E2E testing strategy, collaborated with backend team on API design, mentored junior developers

React Developer, 8848 Digital LLP **Apr 2025 - May 2026**

- Developed and maintained e-commerce projects using React and Next.js.
- Built and enhanced UI components, ensuring responsive and user-friendly interfaces.
- Integrated APIs and implemented new features to improve functionality and user experience.
- Worked extensively with legacy codebases, refactoring and optimizing modules to enhance performance, scalability, and maintainability.

Frontend Developer, Asynchronia **Sept 2024 - Mar 2025**

- Developed and maintained React projects, contributing to UI design, API integration and creation, key feature implementation from scratch.
- Developed responsive, user-friendly interfaces using HTML, CSS, and JavaScript.
- Collaborated across diverse tech stacks, including Python, Vue.js, and WordPress, creating Python-based APIs for extracting, processing, and uploading data from PDFs.

Fullstack Developer, WeframeTech **Jan 2024 - Aug 2024**

- Led the frontend development of projects, driving the implementation of responsive UIs using Next.js, TypeScript, and Tailwind CSS, while integrating backend APIs.
- Communicated directly with clients, leading weekly update meetings, gathering their needs, and implementing key features based on their feedback. Ensured smooth collaboration and timely project delivery.
- Managed project tasks and collaborated closely with cross-functional teams and tech stacks, ensuring all deliverables were met on time and in line with client expectations.

Frontend Developer, Fibo **Nov 2023 - Dec 2023**

- Proficiently developed and enhanced webpages for the product-based company, utilizing Next.js, TypeScript, and Tailwind CSS to create responsive, user-centric interfaces.
- Co-ordinated directly with the founder to implement UI changes and new features based on requirements, ensuring the technical and design goals aligned with the project's vision.

Frontend Developer, WeframeTech **Apr 2023 - Oct 2023**

- Developed frontend for webpages and applications using Next.js, TypeScript, and Tailwind CSS, focusing on building responsive, user-friendly UIs.
- Collaborated with the team to implement UI designs, add new features, and integrate functionality based on project requirements.
- Actively participated in client meetings, gathering feedback and ensuring alignment on project goals, while coordinating with the team for regular updates and smooth task execution.

PROJECTS

CoWorkHQ — Coworking Space Marketplace

- Built a full-stack coworking marketplace on web and native mobile from one TypeScript monorepo, with conflict-free booking, Razorpay payments, role-based access and QR-pass check-in.
- **Tech Stack** - React, Vite, React Native (Expo), TypeScript, TanStack Query, Tailwind CSS, Express, Prisma, PostgreSQL, Supabase Auth, Razorpay, Turborepo
- **Hosted Link** - https://coworkhq.nvnt.in

nvnt.in — Personal Portfolio

- Built a fast, server-rendered portfolio with a ⌘K command menu, view-transition theming and a Server Actions contact form that delivers through Resend.
- **Tech Stack** - Next.js 16, React 19, TypeScript, Tailwind CSS v4, Motion, Resend
- **Hosted Link** - https://nvnt.in
- **GitHub Repo** - https://github.com/nvnt12/portfolio

EDUCATION & CERTIFICATIONS

Education

- Bachelor of Science in Computer Science, University of Mumbai (CGPA: 8.9/10)

Certifications & Courses

- Learn Nextjs 11
- Advanced Nextjs Concept
- Programming for Everybody (Python)

TECH STACK

- **Frontend Frameworks & Libraries**
  - React 19, Next.js 14–16, TypeScript, Vite, React Native (Expo)
- **State Management & Data Fetching**
  - Redux Toolkit, Zustand, TanStack Query (React Query), React Hook Form
- **UI & Components**
  - Tailwind CSS, PrimeReact, Framer Motion (Motion), React Icons
- **Development & Tooling**
  - Turborepo, pnpm, ESLint, Prettier, Husky, Storybook, Git
- **Testing**
  - Cypress, Playwright, Jest, React Testing Library
- **Backend**
  - Node.js, Express, Prisma, PostgreSQL, Supabase, Elasticsearch, MSSQL, Razorpay
- **Deployment**
  - Vercel, CI/CD pipelines, Docker basics
- **Development Tools**
  - Claude Code, Cursor IDE
